# TERMS AND CONDITIONS

1. Each animal will be sold to the highest bidder.
2. The terms of the sale are cash.
3. The auctioneer will settle any dispute as to bids by declaring all bids off and reselling animal in question.
4. Each animal will be at purchasers risk as soon as sold but will not be released until settlement has been made.
5. This herd is T. B. and Bangs accredited, the animals can ship anywhere, and a representative of the Virginia State Veterinarian will be on hand to issue the necessary health certificates.
6. A certificate of registry and transfer will be furnished for each animal sold.
7. This is a complete dispersal of all the registered Shorthorn cattle owned jointly by W. H. McCeney, Jr. and W. R. Thompson, and the cattle must sell at the halter with no further guarantee. All animals with known defects have been removed from the herd so that all of those selling are in sound breeding condition to the best of our knowledge. Should any defects become apparent prior to the time of the sale this information will be announced from the auction box. These cattle have been sound and regular producers and most of the cows will show heavy in calf or have a calf at side by sale date and the breeding and health of this herd can be accepted with every confidence.
8. Announcements from the auction box will take precedence over the printed matter in this catalog.
9. All persons who attend the sale do so at their own risk and the owners, sale manager, clerks or anyone else connected with the sale assumes no liability, legal or otherwise, for any accidents which may occur.

**A Message to  
my many  
cattle friends  
and good  
customers.**

**It seems necessary, or I might say the best thing to do, to close out our partnership in our Polled Shorthorn herd with Mr. W. R. Thompson.**

**There are several reasons, due to our diversified business, which takes lots of time and management, and as we do not have the proper set up to maintain a purebred herd as they should be cared for.**

**This herd, as many of you know, is the original herd and was leased to the Archwood Farm. From this they built a fine herd of Polled Shorthorns.**

**The cows are good producers and their calves can be developed to show in the best of shows. They are consistent breeders and many are well along in calf. The calves at foot will speak for the quality of their breeding. We have the best bulls we have ever used. As you know it is a complete dispersal. They have been examined for pregnancy, and we will give you the latest information on sale day.**

**Sincerely,**

**Bill McCeney**

**P. S. I have maintained an accredited herd for T. B. and Bangs for many years.**
